

Form Panel Name (Updated 6/9/17)	Is the Panel Required?	Field Name	Data Type	Is the Field Required?	Are values limited by a Lookup List?	Field Description
Project Information	yes					stores information for the project
Project Information		Project Name	text	yes	no	name of project
Project Information		Public Status	text	yes	yes	indicates whether project is public, confidential or test data
Project Information		Administrative Region	text	yes	yes	administrative program or region for the project
Project Information		Project Short Name	text limited to 15 characters	yes	no	display name of project for mapping purposes
Project Information		Project Type	text	yes	yes	type of project
Project Information		Project Description	text	no	no	description of project
Project Information		Project Abstract	text limited to 350 characters	no	no	abstract for the project
Project Information		EcoRegion	text	yes	yes	ecoregion the project is located in
Project Information		Region Board	text	yes	yes	regional water board the project is located in
Project Information		County	text	no	yes	county the project is located in; may select multiple counties
Project Information		Funding Need	integer	no	no	funding amount needed for project in dollars
Project Information		Project Information Source	text	no	no	information about the source of the project information
Project Information		Monitoring required	text	yes	yes	indicates if monitoring is required for the project
Project Information		Does this project intentionally include climate adaptation features?	text	yes	yes	indicates if the project has any activities related to climate change
Project Information		Project Comments	text	no	no	comments related to a project
Project Information		Tags or Keywords	text	no	no	keywords or tags comma-separated
Project Information		Water Source	text	yes	yes	water source for project
Project Information		Water Source Comments	text	no	no	comments related to water source
Project Information		Administrative Status	text	yes	yes	Only viewable by managers: indicates whether project has been approved, or is pending review, or other statuses
Project Information		Display Status	text	yes	yes	Only viewable by managers: indicates whether a project has been approved for public display
Project Information		Administrative Comments	text	no	no	Only viewable by managers: administrative comments related to a project
Project Events	no					stores information related to project events
Project Events		Event Date	date	yes	no	date of the project event
Project Events		Event Type	text	yes	yes	type of project event
Project Events		Event Comments	text	no	no	comments related to a project event
Contacts	no					stores names of individuals and organizations for project contacts
Contacts		First Name	text	yes	no	first name of person; use "Unknown" if don't know the name of the person
Contacts		Last Name	text	yes	no	last name of person; use "Unknown" if don't know the name of the person
Contacts		Organization/Entity	text	yes	yes	organization associated with person
Contacts		Contact Role	text	yes	yes	role of contact

Contacts		Department	text	yes	no	department within an organization; default is "Not applicable/Unknown"
Contacts		Phone	text	no	no	telephone number
Contacts		Email	text	no	no	email address
Contacts		Street Address	text	no	no	street address
Contacts		City	text	no	no	city
Contacts		Zip Code	text	no	no	zip code
Contacts		Contact Comments	text	no	no	comments related to contact
Alternate Project IDs	no					stores IDs used by different agencies for a project
Alternate Project IDs		Alternate Project ID	text	yes	no	id or number of permit
Alternate Project IDs		Permit or ID Type	text	yes	yes	type of permit
Alternate Project IDs		Date Issued	date	no	no	date permit issued
Performance Criteria	no					stores information on the performance criteria for a project
Performance Criteria		Performance Criteria Description	text	yes	no	description of performance criteria
Performance Criteria		Other Permit Conditions	text	no	no	other permit conditions
Performance Criteria		Evaluation Date	date	yes	no	evaluation date of the performance criteria status
Performance Criteria		Performance Criteria Status	text	yes	yes	status of performance criteria
Species	no					stores information on species affected by the project
Species		Species Name	text	yes	yes	species name
Species		Species Focus	text	yes	yes	indicates the focus of the species for the project
Species		Species Objective	text	yes	yes	indicates the purpose of the species for the project
Groups	no					stores information on groups associated with the project
Groups		Group Name	text	no	yes	name of group
Site Details	yes					stores information on project sites
Site Details		Site Name	text	yes	no	name of project site
Site Details		Site Status	text	yes	yes	status of project site
Site Details		Site Comments	text	no	no	comments related to a project site
Location	no					stores the centroid location of the project site
Location		Latitude	numeric	no	no	latitude in decimal degrees
Location		Longitude	numeric	no	no	longitude in decimal degrees
Location		Datum	text	no	yes	datum
Location		Location Comments	text	no	no	comments related to a project site geometry
Activities	no					stores information on activities related to the project sites
Activities		Activity Type	text	yes	yes	type of activity
Activities		Subactivity Type	text	yes	yes	type of subactivity; can select multiple subactivities
Activities		Activity Status	text	yes	yes	status of the activity (e.g. progress, planned)
Activities		Easement/Agreement Time Span	text	yes	yes	timespan for the activity type; default is "Not Applicable"
Activities		Activity Comments	text	no	no	comments related to activity
Activities		Habitat Type	text	yes	yes	habitat of the activity
Activities		Subhabitat Type	text	yes	yes	subhabitat of the activity
Activities		Water Regime	text	no	yes	water regime for the habitat type

Activities		Calculate Habitat Size?	text	yes	yes	indicates if the habitat size will be calculated
Activities		Length	numeric	no	no	only relevant for linear features (e.g. stream, river); amount in feet
Activities		Width	numeric	no	no	only relevant for linear features (e.g. stream, river); amount in feet
Activities		Habitat or Activity Size	numeric	no	no	size of the land area associated with the habitat or activity
Activities		Units	text	yes	yes	unit of the amount; default value is "Acres"
Activities		Habitat Source Type	text	yes	yes	type of source identifying the habitat type; default is "Not Recorded"
Activities		Habitat Credit	integer	no	no	number of acres of habitat approved to be applied towards the Delta's biological opinion target
Funding	no					stores information on project funders or in-kind contributors
Funding		Funder Entity/Program	text	yes	yes	entity or program providing funding
Funding		Funding Amount	integer	no	no	funding amount
Funding		Grant Contract Number	text	no	no	grant contract number
Funding		Bond Proposition	text	no	no	bond proposition number
Funding		Award Date	date	no	no	date funding was awarded
Funding		Funding Comments	text	no	no	comments related to funding source
Site Events	no					stores information on project site events
Site Events		Event Date	date	yes	no	date of project site event
Site Events		Event Type	text	yes	yes	type of project site event
Site Events		Event Comments	text	no	no	comments related to a project site event
Map	no					stores the project site geometry
